

JOHN H. CHAPMAN AGAIN HONORED

YOUNG BAPTISTS RE-ELECT THEIR PRESIDENT.

Other Changes Are Slight—Heavy Downpour of Rain Interferes Somewhat With the Work at Chattanooga—Epworth League Will Meet Next at Indianapolis.

Chattanooga, Tenn., July 17.—A heavy downpour of rain for several hours early Friday morning interfered considerably with the pleasures of the thousands of Baptist visitors in the city. The sunrise prayer meeting on Lookout mountain was abandoned, and a number of prayer meetings held at local churches at 6 o'clock were only slightly attended. The weather cleared about 9 o'clock, and the morning session of the convention was well attended.

The session opened with the usual praise service, after which Dr. E. E. Hunt of Toledo, Ohio, chairman of the board of managers, called the convention to order, as the presiding officer of the day. The nominating committee made its report, which was accepted without discussion, and the secretary was instructed to cast the ballot as a whole for the nominees. The head officers remain the same, while the remaining ones are changed to a certain extent. The officers elected are:

President—John H. Chapman, Chicago.
Vice-Presidents—Rev. Curtis Lee Laws, Baltimore, Md.; the Rev. George B. Vosburg, Denree, Cal.; the Rev. J. H. McDonald, Amhurst, N. S.
Recording Secretary—The Rev. W. H. Reed, La Crosse, Wis.
Treasurer—Frank Moody, Milwaukee, Wis.

After the acceptance of this report Dr. Cooper led in prayer, there was a song by the choir and the convention adjourned for the morning.

Between 10 and 12 o'clock conferences on various branches of the work were held at four of the city churches. At 2:45 o'clock the afternoon session of the convention was opened with a praise service, after which the "salutation of flags," an interesting ceremony, was led by Dr. F. L. Wilkins of Chicago. Responses were then made by delegates, one from each state.

The evening session of the convention was opened with a song service under the direction of Prof. Porter. The banners for the sacred literature conquest missionary and bible readers' courses were presented to the states of Minnesota, Indiana and Pennsylvania. The convention then adjourned until today.

A conference of junior leaders was held at 1:30. Plans and methods of junior work were discussed at length. The second annual meeting of the International Transportation Leaders' union decided to abolish the position of international transportation leader and let the duties of that position devolve upon the general officers of the union.

BUSY DAY AT TORONTO.

Epworth League in Session—Will Meet Next at Indianapolis.

Toronto, Ont., July 17.—The Epworth Leaguers were up with the sun Friday morning and the sunrise prayer meetings held from 6 o'clock to 7:30 in the Metropolitan and Elm street churches were largely attended. The meetings were respectively conducted by Revs. Drs. A. B. Riker of Charleston, W. Va., and T. D. Clifford of Water Valley, Miss. At 9 o'clock the delegates scattered to eight department conferences in as many churches, where spiritual work, literary work, social work, mercy and help, missions and kindred subjects were considered. Ten set speakers were assigned to each conference, and the total flow of oratory would fill a bulky volume.

The Hon. G. W. Ross, minister of education of Ontario, gave a stirring address at a mass-meeting in the evening, and his words so delighted his hearers that, although the minister of education is the most uncompromising sort of a Presbyterian, they made him an honorary member of the Epworth league.

The Epworth cabinet met and decided on the next place of meetings. There are only 8 votes in the cabinet. On the first ballot Omaha received 2, Seattle 3 and Indianapolis 3. New York got none. Then Omaha dropped out in the next ballot Seattle got 3 and Indianapolis 5, and the vote to meet in Indianapolis in 1899 was then made unanimous.

Warship Sinks a Yacht.

London, July 17.—A dispatch from Portland says that the United States war ship San Francisco has landed there the crew of the yacht Dysilio, with which she came in collision off Gedner point. The yacht sunk almost immediately, but the San Francisco apparently sustained no damages.

Railway Officers Censured.

Bay City, Mich., July 17.—The coroner's jury which has been in session four days investigating the cause of the deaths of seven persons at the interurban railway bridge held that Mortimer Herbert Reilly and Conductor James O'Brien were criminally careless, and censured the railway officers for not enforcing their orders.

THE BASEBALL REPORT.

Results of Yesterday's Games Played in the Various Leagues.

Jennings' home run in the ninth inning yesterday spoiled strong chances of a second victory from the champions. Louisville again became dangerous by taking two games from the Giants, pulling out one in the last time at bat. St. Louis likewise surprised the Phillies. Boston had one bad inning at Pittsburgh yesterday, and took one more tumble from its insecure perch. Scores:

At Chicago—
Baltimore 0 0 0 0 0 0 0 2—2
Chicago 0 0 0 1 0 0 0 1—1
At Louisville—
Louisville 0 5 0 0 0 2 2 *—9
New York 1 0 0 0 1 0 1 1—4
Second game—
Louisville 0 1 0 0 0 1 0 6—8
New York 0 5 0 2 0 0 0 0—7
At Pittsburgh—
Pittsburgh 0 0 0 4 1 0 0 0—5
Boston 0 0 1 0 0 0 0 0—4
At St. Louis—
St. Louis 1 0 2 1 0 0 0 5 1—10
Philadelphia 5 0 0 2 1 0 0 1—9
Games today: Baltimore at Chicago, Philadelphia at St. Louis, New York at Louisville, Boston at Pittsburgh, Brooklyn at Cleveland, Washington at Cincinnati.

AGREE ON SUGAR.

Tariff Conference Said to Have Arranged Matters.

Chicago, July 17.—A special dispatch from Washington to the Tribune says: "The conferees have agreed, and the tariff bill will be reported to the house and senate if all goes well at the beginning of the session on Monday. The senate has backed down on the schedule and accepted the house rates. This information is authentic."

"It may be possible to call in the Democrats late this afternoon, but if the clerks cannot finish by that time the full conference will be held early on Monday morning, and the new bill submitted to the house and senate immediately thereafter."

"There is still a bare possibility of some hitch in the agreement, but when the conferees separated they had agreed on every matter in dispute. This naturally followed from the agreement on the sugar schedule, which, as every one knows, has been the principal subject in dispute between the house and senate."

Silver Resolutions Adopted.

Salt Lake, Utah, July 17.—W. J. Bryan made a powerful speech before the trans-Mississippi congress Friday for the free-silver resolutions as against the indorsement of McKinley's bimetallic commission, by a minority report. The minority report was defeated by a vote of 207 3/4 to 83 3/4. The majority report for free coinage was adopted by a vote of 244 to 46. Hugh Craig of California was elected president.

Doings in the Senate.

Washington, July 17.—The open session of the senate was brief and uneventful Friday. The Harris resolution relating to the Union Pacific railroad was further discussed. On motion of Mr. Pettigrew (S. D.) the bill was passed to give the consent of congress to a compact entered into between South Dakota and Nebraska respecting the boundary between said states.

Baptists Wipe Out a Big Debt.

New York, July 17.—The American Baptist Missionary Union and the American Baptist Home Missionary Society have succeeded in wiping out their joint debt of \$486,000. Including John D. Rockefeller's gift of \$250,000, which was contingent on the raising of \$250,000 more, the societies have collected \$503,031.45.

Have Fixed the Indemnity.

Athens, July 17.—It is stated here on good authority that the powers have fixed the indemnity to be paid by Greece at \$4,000,000, and have accepted a compromise giving Turkey a more liberal line of frontier. Turkey and Greece have been left to settle the question of the capitulations between themselves.

The Strike at Alexandria, Ind.

Alexandria, Ind., July 17.—By a strike of the bitdrawers at the plant of the Kelly Ax manufactory, 500 men are made idle. The strikers claim that they are not paid for axes called "seconds." The factory, which is the only important one of the kind in the United States, will be closed indefinitely.

Law Held Constitutional.

Terre Haute, Ind., July 17.—Judge Henry of the superior court decided the indeterminate sentence law passed by the last legislature to be constitutional. Judge Henry was the first judge called upon to pass on the validity of the new statute.

THE PRICE OF COAL GOES DOWN AGAIN

CUT OFF 25 CENTS PER TON AT THE MINES.

The Strikers Are Elated—News From West Virginia Is Favorable to Their Cause—The Official Program is to Bring Out All the Men Possible in That Field.

Pittsburg, Pa., July 17.—Dullness at miners' headquarters and in all the mines in the Pittsburgh district and unusual activity in the coal market characterized the features of the strike Friday. For a strike so general it causes the least excitement; peace seems to prevail everywhere, but how long this state of affairs will continue to exist cannot be even guessed. The miners are apparently willing to be idle, and as yet no suffering of consequence has been reported at district headquarters.

The miners' officials were very much elated over news from West Virginia. Several telegrams from organizers in that section of an encouraging nature were received.

Coal took another tumble in price. It sold for \$1.25 at the mine, a drop of 25 cents from the day previous. A tour among the operators demonstrated that there was plenty of coal on hand. It was estimated that the mines east of Pittsburg are furnishing 150 cars a day. Nearly all of the empty coal cars in the Pittsburgh district are finding their way to the West Virginia coal fields. The Baltimore and Ohio took several trains of them. It was also learned that 250 cars a day were going from the Pocahontas field in West Virginia into Cleveland.

It is learned that the program of the miners' officials is to bring out all the men possible in the West Virginia field, and then bring all the organizers to Pittsburg. It is expected that the terms will be made here, as the district is looked upon as the most interesting point after West Virginia has been disposed of. The miners' hopes are high, and they are confident that there will be a good story to tell from West Virginia Monday morning.

General Little and Mr. De Armit left last evening at 8 o'clock for Philadelphia to consult with officials of the Westmoreland, Pennsylvania, Keystone and other coal companies along the line of the Pennsylvania railroad with the end in view of securing their co-operation in the uniformity plan.

President Dolan is arranging for a conference with leaders in the Clearfield and Cambria regions, where the men are working and are under the delusion that they are not interfering with the success of the strike. A great deal of coal is coming from these fields, and goes to fill contracts at the lakes. It is believed the miners can be induced to come out.

Indiana Miners Are Starving.

Indianapolis, Ind., July 17.—A staff correspondent of the Sentinel has been investigating conditions in the Indiana coal fields this week, and reports a deplorable condition. He says the miners are already practically facing starvation. Eight thousand Indiana miners are on a strike, about 90 per cent of the total number. The mines in the vicinity of Evansville are the only ones that are being worked. Information comes from Parke county that the men are beginning to grow restless in that vicinity.

Meeting of Miners Called.

Pittsburg, Pa., July 17.—A. Conery, general district organizer of the U. M. W. of A. and I. O. K. of L., has issued a call for a meeting Saturday night of mine workers in this district to decide the question of going out in sympathy with the eastern strikers. The majority of the miners in the district, which includes Cherokee and Crawford counties, say they are not in favor of a strike under the present schedule.

Columbus Scale Is Offered.

Danville, Ill., July 17.—The Kelly, Pawnee, Glenburn and Brookside companies signed an agreement to offer to the miners of the district the Columbus scale. These companies mine about 1,000,000 of the 1,500,000 tons produced annually in this district. There is no truth in the sensational reports sent out from this city concerning riots and bloodshed. All is quiet and has been so.

Meeting Ends in Disorder.

Peoria, Ill., July 17.—The meeting of the miners and operators at the National hotel ended in disorder and no conclusion was reached. President Hunter, state vice president of the Miners' federation, was present and made an address. It is expected that all the miners of the Peoria district will soon be out.

Pope Wants Closer Relations.

Rome, July 17.—The Agenzia Libera says the Pope has ordered the vicar apostolic in Washington to take steps to bring about a concordat with the United States. The Pope would in that case grant the United States the same privileges as to Russia and Germany.

Senators Not Seriously Ill.

Baltimore, July 17.—There appears to be no foundation in fact for the disquieting reports sent out from here regarding the health of United States Senators Gorman and Wellington, by which it is made to appear that both are seriously ill.

TRADE IS DEPRESSED BRADSTREET'S SAYS

GENERAL BUSINESS CONDITIONS ARE BAD.

Dullest Month of the Year—Report Is Not Encouraging—World's Supply of Wheat Very Small—Danger in the Coal Strike—The Failures of the Week.

New York, July 17.—Bradstreet's says: "The dullest month in the industrial year has been duller than usual, notwithstanding improvement among potteries and others. This is due to a reaction in iron and steel, prices of which are back to lowest points on record, a dragging demand for boots and shoes, and a threatened famine of bituminous coal. Manufacturers of cotton goods and their agents report slow trade, owing to higher cotton and low prices for goods. This has shut down a number of cotton mills in Massachusetts and in Rhode Island. A fairly steady business is reported by eastern manufacturers of shoes, but trade at Philadelphia is dull, merchants hesitating to place orders. Western wholesale dealers in clothing report distribution unsatisfactory. Western bar iron mills are already shut down, and if the coal strike lasts another week, thousands of factory wheels will stop turning. The heavy loss of sheep in Australia, due to drought, and speculation in wool here on tariff prospects, have made wool prices higher, with large sales."

"The world's available supply of wheat is probably the smallest at a like period in many years. Europe is expected to have to import 100,000,000 more bushels than last year, and neither India, Australia nor the Argentine is expected to be able to supply its usual share. The general tendency of the price movement this week is to reverse the growing strength of quotations in the preceding fortnight. Exports of wheat (four included as wheat) from both coasts of the United States and from Montreal this week show the first sharp decline since last April, amounting to only 1,522,092 bushels, against 2,502,000 bushels last week, 2,963,000 bushels in the second week of July last year, 1,652,000 bushels in the like week of 1895, 1,873,000 bushels in 1894, and as compared with 5,077,000 bushels in the corresponding week in 1893.

"Failures for the week have been 263 in the United States, against 269 last year, and 37 in Canada, against 39 last year."

THE SULTAN YIELDS.

Agrees to Accept the Terms of Peace With Greece.

Constantinople, July 17.—Tewfik Pasha, the foreign minister, has informed the ambassadors that the sultan had agreed on the principles of the demands of the powers, and was prepared to accept their views on the peace conditions.

It remains to be seen at the conference between Tewfik Pasha and the ambassadors what the acceptance amounts to. As the grand vizier is known to oppose the acceptance of the terms of the powers, and has not yet resigned, it is believed that a further hitch will be discovered, although it is reported that the sultan's sudden decision is due to the receipt of another premonitory telegram from the czar.

Republican League Is Harmonious.

Detroit, Mich., July 17.—Sensational stories to the contrary, threats have not been made by anybody to split the National Republican league and hold two conventions next year. It has been reported that the Maryland delegation, angered over the defeat by Omaha of Baltimore in the fight for place, went home declaring they would split the league and hold a convention in Baltimore. That is not true, or at least some of the Baltimore delegates say there is absolutely nothing to it.

Canadian Suspect Set Free.

Pembroke, Ont., July 17.—A detective from Salt Lake City arrived here Friday to identify James B. Hamilton, who was taken in custody a few days ago on the suspicion that he was Rev. Francis Hermans, accused of the murder of Henrietta Clausen in May, 1896. The detective said the prisoner is not Hermans, though bearing a strong resemblance to him. Hamilton has been liberated.

Penitentiary Cash Is Short.

Chester, Ill., July 17.—After a full examination of the books of the Southern Illinois penitentiary ex-Commissioners Choiser, Hearn and Kramer, ex-Warden Schneider and ex-Clerk Ora Havill departed, leaving ex-Assistant Clerk J. M. Hicks to assist the present officials in furthering the investigation. Definite charges of a shortage of \$3,575 are made by the prison officials.

Butler Expiates His Crimes.

London, July 17.—A dispatch from Sydney, N. S. W., says that Frank Butler, the Australian bush murderer, who was captured in San Francisco, was executed Thursday. He confessed to having committed four murders.

Hog Cholera in Illinois.

Elburn, Ill., July 17.—Hog cholera has made its appearance in some parts of the neighboring county of Kendall, and a number of herds have been eliminated.

KILLED BY ACCIDENT.

Fatal Trip in Colorado—Due to a Fractious Horse.

Ouray, Colo., July 17.—By an accident on the Ironton toll road late Friday afternoon one person was so seriously injured that death ensued shortly afterward and several were badly hurt. All the persons in the accident, which was due to a fractious horse, were members of the Y. M. C. A. tourist party. The dead:

SHAW, MISS MYRTLE, of Pittsfield, Ill., neck dislocated and skull fractured. The injured:

Halford, E. W., former private secretary of ex-President Harrison, bruised.

Rhinehart, O. of Denver, cut on head.

Elliott, Dr. George, D. D., pastor of the Spring Garden church, Philadelphia, cut on head and bruised.

Campbell, A., of Wheeling, W. Va., cut and bruised on body.

Kuhl, Mrs., of Pueblo, Colo., bruised on arms and head.

Unknown woman, of Detroit, Mich., seriously cut and bruised.

FIND HIM NOT GUILTY.

Ex-Banker Charles Warren Spaulding Again Acquitted.

Chicago, July 17.—For the second time within two months a jury in the Criminal court Friday afternoon found Charles Warren Spaulding, ex-treasurer of the University of Illinois, not guilty of embezzling the endowment bonds of that institution.

The prosecution failed to show that Spaulding deliberately embezzled the bonds. The defense showed that he did it to meet the payments of warrants of the university, and while it might not have been right for Spaulding to negotiate and pledge the endowment bonds of the university, the jury considered that that institution received the benefit of such pledges. Therefore it was considered that Spaulding had not applied the funds to his own use, and was not guilty as charged.

Agree to \$300 on Armor Plate.

Washington, July 17.—The house Friday agreed to the partial conference report on the general deficiency bill, and then concurred in the senate amendment fixing the limit of cost of armor plate for the three battle ships now building at \$300 per ton. This was the main item still in dispute between the two houses.

On motion of Mr. Broderick (Rep., Kan.) the senate resolution directing the secretary of war to issue 1,000 tents for the use of the Grand Army encampment at Leavenworth, Kan., next October, was adopted.

Will Not Be Caught Napping.

San Francisco, Cal., July 17.—Reliable information has been received here to the effect that the navy department has determined not to be caught napping in the event of trouble with the Japanese over the annexation of the Hawaiian islands. All orders for the department which would have resulted in moving ships of the Pacific and Asiatic squadrons from headquarters to distant points have been temporarily suspended.

Three Boys Killed by a Train.

Austin, Tex., July 17.—A freight train on the International & Great Northern railway ran over four boys who were sitting at the side of the track asleep early Friday morning, killing three of them instantly and badly wounding the fourth. The three killed were John Bridges, 15 years; Charles Sweeney, 13 years, and L. Montgomery, 13 years. Henry Estis, 16 years, was injured. All lived in Fort Worth.

Billing Association Taxed.

Indianapolis, Ind., July 17.—The state board of tax commissioners has decided that the \$13,000,000 held by the building and loan associations of the state must be listed for taxation. Friday instructions were sent to county assessors to place paid-up and prepaid running stock on the tax duplicate immediately. Heretofore paid-up and prepaid stock only have been assessed.

Man Hunt Near Sioux City.

Sioux City, Iowa, July 17.—Posses are scouring the timber near Otto, this county, in search of Orlando Leming, charged with assaulting Eva L. Wing, his 7-year-old niece. Leming is 20 years old. The child is in a critical condition. Her father is leading one of the posses with a shotgun and swears he will have his brother-in-law's life.

Legal Methods Too Slow.

Montgomery, Ala., July 17.—A negro Wednesday assaulted Mrs. M. Thomas, a white woman, who lived in the country five miles from Elba, Ala. She was alone in the house with her six-months-old baby. Terrell struck the woman on the head and threw her on the bed beside her sleeping infant. Fagots of pine wood were then placed upon her by the brute and set on fire. The flames attracted some passers-by and they rescued the woman in time to get her dying statement. The baby was roasted. Terrell was arrested and was being given a preliminary trial, when a mob broke up the court and took him out and hanged him.

Dynamite Bombs in Spain.

Madrid, July 17.—Two dynamite bombs were exploded yesterday at Guadalajara, capital of the province of that name in New Castile. Several persons were killed.

CATCH THE TWO MEN WHO MADE BAD COIN

MARINETTE POLICE MAKE ARRESTS TODAY.

Thought That the Die From Which the Counterfeit Dollars Were Modelled Will Be Found—Races at Pewaukee Lake—Officer Is Discharged—State Specials.

Marinette, Wis., July 17.—[Special]—Frank Scheinlaugh, alias Sinkler, known as "Polish King," of counterfeit fame, is under arrest here charged with passing spurious coin. Andrew Lungren is also under arrest on the charge of being an accessory. Considerable money was passed here Thursday when the ladies were handling the street car receipts. The United States Treasury Department at Minneapolis was notified and the government will make an effort to locate the die where the money is made.

The Pewaukee Yacht Race.

Lakeside, Wis., July 17.—[Special]—The first annual inter-state regatta on Pewaukee Lake, was sailed this morning. Class A prize was won by yacht Avers, owned by Robert Nunne-macher. The Frisar, owned by Benjamin Skidmore of Milwaukee, won the class B race. There was a good breeze, and fair time was made. Twenty-five yachts started, being from all parts of eastern Wisconsin.

Officer Is Set Free.

Fond du Lac, Wis., July 17.—[Special]—Officer Fontanna, who shot John Jones on July 10, was discharged this morning on the ground of lack of evidence. There is much feeling here over the dismissal, as Jones was shot without the slightest provocation. He may recover.

To Promote Immigration.

Milwaukee, Wis., July 17.—A meeting was held here Friday to arrange the preliminaries of an immigration movement. Prominent German Catholics formed an organization to this end some time ago. Theodore Kersten is president. It is the purpose of the society to induce German immigrants to settle in northern Wisconsin.

Mrs. Walker Is Dead.

Milwaukee, Wis., July 17.—Mrs. Elizabeth Walker, widow of Isaac P. Walker, one of the first two United States senators from Wisconsin, died Friday at the home of her daughter at Lake Mills at an advanced age. Her death resulted from a fall.

TRAGEDY AT CHICAGO.

Murder and Suicide as the Result of Jealous Rage.

Chicago, July 17.—Frank W. Phelan of St. Louis, a nationally known labor agitator, lured Miss Kittie Wadsworth last evening into a saloon, cut her throat from ear to ear with a razor, fired two shots into her head and then killed himself by sending a bullet into his brain. The woman was not killed, though so terribly wounded that she has no chance for recovery.

Phelan had planned his crime to the last minute detail. Upon his body was found the following note of cold-blooded explanation.

"The woman is Miss Kittie Wadsworth, Big Rapids, Mich. She prefers a life of sin to one with a man she taught to love her. I have sacrificed everything for three years trying to reform her, but to no purpose. Rather than see her further degrade herself I will kill her. Notify Louis A. Phelan, care Chris Von der Ahe, St. Louis. F. W. Phelan."

AMERICA HAS NO FEAR.

Reported Japanese-Spanish Alliance Is Doubtful.

Washington, July 17.—The London and Paris cables stating that Japan and Spain had entered into an alliance against the United States attracted no special attention in Washington. The Japanese and Spanish ministers are absent, but the reports were denied by the officials in charge at both legations and also by Judge Day, the assistant secretary of state.

The fear that Japan will take any extreme measures to prevent the annexation of the Hawaiian islands has now almost passed away, and it is confidently believed, both at the state department and at the Japanese legation, that the relations of the two governments are to remain cordial.

Madrid, July 17.—Inquiry at the foreign office here develops the fact that nothing is known regarding the reported alliance between Spain and Japan.

Damaging Floods in Illinois.

Fairbury, Ill., July 17.—The storm which swept over this section Thursday night did more damage than was at first supposed. Bridges in rural districts were carried away by the rush of water, and the damage to the oats and corn is heavy, especially the oats, which are flattened to the ground. The rain fell for three hours.

Quick Payment at Omaha.

Omaha, Neb., July 17.—Two hundred thousand dollars of stock subscribed to the trans-Mississippi exposition has been paid in. The provision attached to the state appropriation of \$100,000 has, therefore, been complied with, and the money of the state is available. Work is being rushed on the buildings.

STATE FAIR PLANS ARE BEING MADE

PREMIUM LISTS TO BE ISSUED
ON WEDNESDAY.

Secretary Fleming Says That the Finances of the Agricultural Society, Aside From the State's Claim, Were Never in Better Shape—Local Men on Staff.

As no fair will be held here this year Janesville people will be interested to know that prima facie evidence that a State fair will be held this fall, and a good one too, will be presented to patrons of that agricultural enterprise within the next four days. It will take the form of the revised premium list of 1897, and by Wednesday night 15,000 copies will be mailed to citizens of this and other states likely to be interested.

This will be the first direct proof furnished, in substantiation of the assertions made by officers of the State Agricultural society that the recent difficulty over the state's claim against the organization would not in the least interfere with the big agricultural show. They now talk more hopefully than ever of success, and point to new features in the pamphlet to show that they "mean business" and the fair from Sept. 20 to Sept. 25 this year, will be equal to any ever held.

"It is a great mistake to suppose," said Secretary Fleming, "that any recent complications will tend in the least to prevent the holding of a fair, or even detract from its merits. Today the society is as strong financially as it has ever been for the holding of a fair. Outside of the claim held by the state, which is fully protected, the organization has not a cent of debt. Already the first expenses of the fair are paid for, the cost of the premium list and of the tickets having been met by the proceeds of advertising in the work about to be issued.

Legislation Not Yet Effective.

"The Agricultural society stands today in precisely the same relation to the state, so far as the fair is concerned, that it has at all times since its institution. Right here a common mistake is made. It has been supposed that certain legislation passed at Madison last winter would affect this year's fair. This is not true, for the bills then enacted will not become operative until 1898. The state aid remains exactly as formerly, amounting to \$4,000 and 10 per cent. of all paid premiums, which will this year foot up to about \$2,500, as the premium amount to \$25,000. The only possible risk of liability the state can run by reason of this year's fair, would result in case there was a deficit, and in case we should apply to the next legislature for aid. But we anticipate no contingency of that kind, and if it should arise the legislature would have power to deny the request, and the governor to veto such a measure if it should pass. No, we all apprehension, if any exists, on the part of state officials that a fair this year would jeopardize the interests of the state is entirely groundless. We regard the outlook as never more favorable for a successful fair."

The advance sheets of the premium list have been received by the officers, and from now on the little books will be turned out rapidly from the presses. The premium list contains few changes from that of last year. A total of about \$25,000 in awards is offered, and there are some new features.

Displays by Counties.

As last year, cash prizes are to be given for the best county displays, which will add local interest to the exhibits and help foster the cause of improved agriculture among the counties which are inclined to be progressive. Competition will be open to agricultural societies, associations and individuals in every county. The best and largest display will win a cash premium of \$100; the second best, \$75; third best, \$50, and fourth, \$25. Awards will be based upon the quality, variety and arrangement of the exhibit, according to a score of 100 points, of perfection. This is the second year this has been a feature of the fair, its trial in 1896 having been successful.

A long list of special premiums, besides the regular awards, is offered this year in the pigeon class of the Poultry department. The donors include L. A. Jensen, George F. Dore, Frederick Heiden, Jr., H. J. Baumgaertner, H. J. Rathke, Rohn & Meyer, George Crabb, Joys Bros. & Co., W. D. Harper, William Korb, C. W. Milbrath, Dea Forges & Co., George Ziegler, James Peasley Wellauer & Hoffman company and Frank Sturges.

of Milwaukee; F. Zacher of Oudahy, and A. Prasburg of Soldiers' home. These extra prizes will add zeal to the pigeon competition and make this class as interesting as others in the Poultry department, for which a vast number of applications have already been received.

Applications Already on Hand.

Secretary Fleming says that applications are already coming in with great rapidity, and enough have been filed in the live stock department to fill every stall on the ground. In other departments, sufficient assurances, he says, have been received from exhibitors to make it certain that all will be well filled with displays in machinery and carriages, and a better exhibition, it is said, will be made than last year, and the loud protest against the management which appeared last fall in a Chicago Implement journal has served only to arouse interest among makers and manufacturers not in sympathy with the one who held the alleged grievance, and they have nearly all promised to exhibit. One leading local dealer is said to have informed Secretary Fleming that all the important manufacturers would send at least five carloads each of goods to the fair. Many of them have never before exhibited.

The race programme will be issued separately, and is not yet made up, the secretary being now in consultation with horsemen on the subject. About \$20,000 in premiums will be offered in the speed contest. The kennel exhibit premium list is also separate and fanciers say the bench show will be more extensive than a year ago, when it was one of the best features of the fair.

Entry Blanks Inserted.

The premium list just out is convenient in form, and there are points about its makeup that will be appreciated by the exhibitor. A leaf is inserted just within the cover and constitutes an entry blank, and as it is perforated on its inner edge, it may be torn out and sent to the secretary with entries written upon it, thus doing away with the slow process of applying by mail for blanks, as was formerly done. The instructions are so plain that anyone can fill out the blanks without difficulty. On the reverse side is a bill for premiums in blank form to be filled out after the awards are made.

Some changes have been made in the system of supervision, in transportation facilities and in the method of entertaining that will add to the general efficiency of the service and to the convenience of exhibitors.

EDGERTON'S PLANT FINISHED

Water Was Turned On Yesterday For the First Time.

Edgerton, July 17.—[Special]—The fine new water works plant in this city was completed yesterday, and the water turned on for the first time. The people are greatly pleased with the plant. The builders, Wheeler & Co., of Beloit, made a test yesterday, and in the three and a quarter miles of pipe, not one leak was found. [It is said to be one of the finest plants of the size in the country, and costs \$28,000.]

"FACTS."

Well, I love you, I might as well confess; Facts are the only things worth living for, I guess. You are married, ah yes! So am I, but then our hearts are just the same. If we are married men.

How many times this happens the world it little knows: 'Tis sad to believe our sweetheart is somebody else's beau.

But nevertheless 'tis often a fact, though very sad to believe. It seems to be an "accomplishment" to be able to deceive.

How the senses thrill as we see a beautiful flower; To be satisfied, we must possess it for an hour; As its beauty gently fades, we sadly turn away.

Forgetting the joy it brought us for a moment yesterday. In life, where the grande passion leads us at its will, Every little desire we struggle to fulfill.

Nothing lasting, nothing pure, just for pleasure's sake; But when love awakens, 'tis a fact, our whole claims.

We are all filled with a longing that's almost divine; One face ever before us, we droop and we pine; Forgetting ourselves, the world, duty and health.

Just to win, what to us is dearer than wealth. This is love, for better, for worse. We but see the better at first, our hearts so light and free; The fact of the case is, we are blinded for awhile.

'Till we learn that love is not all kisses and smiles. So though we are married we often do find out When we took the solemn vows we didn't know But in after life we learn the fact once, for all. Our hearts fall us and 'tis fate, some of us do fall.

Dreams lie shipwrecked, we are brought quite to bay; We wish 'twere just a flower that we might throw away. We forsake wives and children, everything goes then. To gain a love we never knew, yet we are married men.

O, Father above, why may not your sinning children know, Before it is too late, ere the seeds of sin we sow, All lives would be blest and happiness complete.

Life would be heaven, one long dream so sweet, Divorce would have to hide its dark and hateful face To die a lonely death, banished forever in disgrace.

Then the holy marriage vow would be so gladly signed, Forming a golden chain each link a heart to bind.

Jealousy would ne'er known, O, what a blissful day, Human hearts could banish doubt, cast it far away.

For many live today, if the facts they would but tell, Their lives here on earth are little more than hell.

Could something move the world and change it all unseen, That we might wake some day and find it all a dream.

The ones we love so dear would just be all our own, Broken hearts might heal with joy sorrow be unknown.

DEMON DISEASE

Triple Grasp on One Household, But All Were Liberated.

Rheumatism and Lumbago Banished By the Use of Dodd's Kidney Pills—This Happened in St. Paul and Might Happen to You.

St. Paul, Minn., July 16.—If you want to know what will cure rheumatism—cure it so it will stay cured, there is a family in this city that can tell you and give proof of what they say. In this household three members have been cured of rheumatism and weak back consequent upon derangement of the kidneys—as all of such ailments are. All three were cured by the use of Dodd's Kidney Pills.

No doubt there are many other households where the Demon of Kidney Disease has entered, and where efforts have been unavailing to expose it. If so, let the signed statements of Mr. O'Day, Mrs. O'Day, and Mr. Leashan of Cedar street, afford sanguine hope that the long looked for Kidney specific has been found.

Dodd's Kidney Pills should be in every family medicine closet. They should be used by all persons who have Lame Back, Rheumatic Pains, Urinary difficulties, Female Weakness, or incipient Diabetes, and Bright's Disease. They cure. And they always cure.

Laborer.

DODD'S MEDICINE CO.—Gentlemen: I have been troubled for five years with a weak back, and got so I could lift nothing. I have taken one box of Dodd's Kidney Pills and now I can lift with anyone of my age. I was not able to do any work on account of my back but now I look forward to the enjoyment of good health for which I have so thank Dodd's Kidney Pills.

CABLE NEARLY READY TO USE

It Was Tested This Afternoon, by the Company's Expert.

John A. Uhrig of Milwaukee, cable expert for the Wisconsin Telephone company, was in the city today putting the finishing touches on the newly erected cable that extends along Milwaukee street from the central office. Mr. Uhrig says that Janesville has as fine a cable service as any city in the state. The splicing and testing of the cable took place this afternoon, and it is expected that the line will be in working order by the first of next week.

The Beautiful Dells of Wisconsin—Grand Excursion.

On Tuesday, August 3, at 7:30 a. m. a special train will leave Janesville on the Chicago, Milwaukee & St. Paul Ry. for Kilbourn City, arriving there at 10:55 a. m. Thence by steamer through the Dells of the Wisconsin river for nine miles of weird, romantic scenery with stops at Witch's Gulch and Cold Water Canon. Leave Kilbourn returning at 6:30 p. m. arriving home at 10:30 p. m. Round trip rate \$2. No reduction for children as \$2 is extremely low for this trip.

Between Seed Time and Harvest

Is a good opportunity to enquire about farming lands in South Dakota, only one day's ride from Chicago. Bountiful crops of wheat, corn, barley and flax reward the tiller of the soil. As a stock and dairy country South Dakota leads all the world. First class farm lands with nearby markets can now be bought for from \$10, \$12, \$15, and upwards, per acre, and this is the time to invest. For further particulars write to George H. Hessford, General Passenger Agent, Chicago, Milwaukee & St. Paul Railway, Old Colony Building, Chicago, Ill.

Excursion Rates to Lake Kegonsa.

The Chicago, Milwaukee & St. Paul Railway Co., will sell round trip excursion tickets to Lake Kegonsa, Wisconsin at \$1.25 from May 15 daily to September 30 limited to 30 days. This lake is situated in one of the most delightful places in the state. The lake is four miles long and three miles wide, possessing a number of pretty bays, spring water, bathing and fishing. All trains stop at the lake.

Home Seekers' Excursion

Tickets will be on sale by the Chicago, Milwaukee & St. Paul Railway on July 6 and 20, at half fare plus \$2, to western, northwestern, southern, and southwestern states, limited to twenty-one days for return passage.

Excursion Tickets to Madison.

Via the Northwestern Line will be sold at reduced rates July 19 to 30, inclusive limited to July 31 on account of Monona Lake Assembly. Apply to agents Chicago & Northwestern R'y.

International Convention Epworth League, at Toronto, Canada.

For the above event the Chicago, Milwaukee & St. Paul Railway will sell excursion tickets at half fare July 13, 14 and 15. Tickets may be extended for return passage until August 12.

THE Evansville Enterprise, Editor Libby's excellent paper, says: "The Rock County Fair Grounds at Janesville, are to be sold at sheriff's sale within the next six weeks. This looks bad where so much interest and fine displays have been had in the past."

CANNOT FIND MEN TO WORK.

Farmers Look For Laborers in Vain These Days.

Farmers who were in the city yesterday claim that there is plenty of work on farms throughout the county but that men cannot be found, although the wages vary from 75 cents to a \$1.25 a day with both board and washing included. The warm weather with the abundance of rain has caused a very rapid growth of both crops and weeds. Fields must be cared for at once, yet help cannot be found.

When You Get Ready.

When you have consulted everybody else and have been treated for every known and unknown disease; when you have filled your system with one-pattern, ready-made, same-for-all, sure-cure preparations; when you have tried charms, spells, fakes, fads and fancies; if experience has taught you that Nature alone possesses the power to heal; that certain remedies assist Nature, but none of them cure; that it is better to work with Nature than to fight the disease; that the surest way to cure disease is to remove the cause of that disease, then we will gladly assist you with Rational remedies and methods which tend to build up and strengthen the entire system until Nature can assert herself and the Cause of disease is removed.

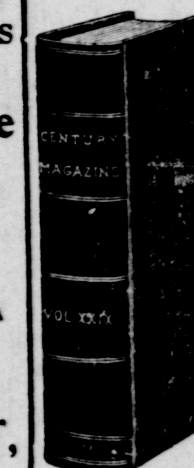

We treat the Patient, not the disease. This is one reason why we succeed where others have failed.

TEA AND THE TARIFF.

The slump in tea furnishes a little more evidence of "who pays the tax." June 14 the last steamer that could reach America before the new tea duty of ten cents a pound was expected to go into force, left Japan. A ten cent slump in the price of tea followed within an hour. In other words the price of tea dropped enough so it could be sold in the United States at the old price, after all duties had been paid.

At Yokohama, Japanese tea dealers did not like the fall in prices, and with the intention of coercing foreign buyers, they combined and notified merchants they would withdraw their supplies and do no further business for three days. A meeting of foreign merchants was called and replied that they not only sympathized with the dealers, but would extend the holiday and do no business for five days. This plan did not materially help the situation, and a few days later the market was depressed again by news from Washington.

Many growers have abandoned the second pickings of tea, and some have talked rashly of pulling up the plants by the roots. Yokohama tea dealers have protested against this, believing that the American demand will not be seriously interfered with. At Kobe and other ports, stocks of tea are large and the demand light.

The main charges against Superintendent Hart of Waukesha, seem to be from people who know nothing whatever of reform school affairs. The Fort Atkinson Union this week publishes a letter from Claude Sharp, a Fort Atkinson boy now in the school, who says: "You no doubt have read the charges against Superintendent Hart. I am glad I can truthfully say that they are false." A program of the celebration July 5, which was enclosed, shows that the superintendent did some hard work to give the boys a gala day.

Almost every newspaper victim of midsummer silliness has taken Secretary Sherman for his target. You can read in one paper that the secretary is on the verge of a breakdown from overwork, and in another that he does no work at all, and is merely a figurehead. Both samples are tommyrot. John Sherman is too wise a man to overtax himself with work, and too proud a man to act as a figurehead.

If there were any doubtful republicans in Ohio, ex-Governor Campbell's prophecy of democratic success cured them. Mr. Campbell is one of the deadliest political hoodlums known.

In sizing up the work of congress, should not be forgotten that the republicans are not a majority in the senate; otherwise some things would have been a little different.

Talk about getting something for nothing! Captain Kidd would not be in the same class, if he were alive, with Fred White, the gentleman who is amusing himself by being the demo-

cratic candidate for governor of Iowa, who seriously proposes an inheritance tax of 75 per cent. on estates of \$1,000,000 or more in value, and 25 per cent. on those exceeding half a million, but, not reaching a million.

Alps Are to Disappear. Prof. von Schroen's discovery that rocks live like plants and animals, or even human beings, has induced another savant to figure out when the Alps, or at least a part of them, are to be obliterated. These are the interesting calculations:

The Swiss river Aare, which rises in the upper Bernese plateau and traverses 170 miles of rocky country, annually carries 155,000 cubic metres of rocks torn from their native environment into the lake of Brienz, whose bed changes constantly in consequence. This lake, which has now a length of nearly nine miles, and is about three miles broad, formerly reached up to Meiringen, thirty miles from Berne. It took the Aare from fourteen to fifteen thousand years to push the lake from its original bed into that now occupied, says our savant, and continues: "Thirty-five or forty thousand years will pass before the present lake is filled up with rocks which the Aare carries into it."

The Aare, it is declared, tears from each square kilometer of rocks it traverses 250 cubic metres per annum, thus lowering the Alps by one metre every 3,333 years. The head of the Aare, coming from a height of 2,260 metres, the Aare glaciers will be razed in 7,532,580 years, and the last rock of the proud Alps will be killed off and ground to sand in 16,000,000 years.

Fire-Proof Babies.

Babies need no longer burn to death. Wise men have discovered and practical mothers have adopted a solution which renders clothing absolutely fire-proof. The Siebrath formula represents a prescription consisting of 5 per cent alum and 5 per cent phosphate of ammonia, which renders the substance absolutely non-inflammable. All that is necessary is to steep the clothing in this solution and the tissues so treated will resist the flames, even if they have previously been rubbed with gunpowder.

Dorothy had the chairs gathered around her and was sitting quietly in among them, evidently much engaged. Just what she was doing her grandmother did not know, but she sat down for a moment in one of the chairs to smile at the little girl and learn the cause of her absorption. "If you would not mind, grandmother," said Dorothy, "would you please take another chair. You are sitting on a little girl." She was playing school. —New York Times.

"Well, then, don't I keep your company?" "Yes," Consuela's face brightened, she blushed, smiled and said: "Howard, dear, forgive me. Papa has been deceived. I won't believe anything against you." And she threw herself into his arms.—New York Tribune.

THE AGENTS FIGHT THE CUT IN RATES

MILWAUKEE MEN ARE NOT PLEASED.

Hold Meetings to See What Can Be Done to Protect Themselves From Loss—Cannot Hold Out Long, However—New Tariff in Effect in Smaller Cities.

The Milwaukee Board of Fire Underwriters is trying to stave off the inevitable cut in the insurance rates and to minimize the loss to its members. Its main efforts are directed to confining the cut to preferred risks only, on which the reduction of 33 to 50 per cent. has been ordered, and to leaving the rates on less desirable risks as near their present standing as possible.

No final decision was reached at the meeting of the board yesterday as to the enforcement or non-enforcement of the order of the governing committee of the Western union companies, and the question was left pending for a few days to "let the excited spirits cool off," as one of the agents put it. After talking over the situation yesterday afternoon, the board adjourned, without formal action on accepting the cut, subject to the call of the president, A. J. Cramer of the Milwaukee Mechanics Insurance company. The board will meet either Monday or Tuesday, by which time the atmosphere may clear off, and then something definite may be done.

Power Given It By Law

The Board of Underwriters, which includes well-nigh all the prominent agents of the city and the local fire insurance companies, is taking advantage of the power given it by the legislature for fixing insurance rates. While the order from Chicago to cut down the rates is already in force in all the smaller cities in Wisconsin, Milwaukee is still holding out, because the board cannot be dictated to by outside bodies in a legal manner. But the board cannot hold out for too long a time, a fact admitted by the most ardent opponent of the reduction, because the union companies can establish new agencies, if the old ones refuse to yield, and some kind of a reduction in the rates is bound to come.

This fact is recognized by many of the business houses and manufacturing establishments who are about to renew their insurance, and all of them are holding back to take advantage of the cut that is imminent. A well known manufacturer remarked last evening that the difference to him would amount to some \$4,000 or \$5,000, and that he was waiting, satisfied that no matter what the cut may amount to he would receive the full benefit of the reduced rates.

Look to Northwestern National.

The members of the Board of Writers build their hopes of preventing a full reduction in the local rates on the expectation that the Northwestern National Fire Insurance company, which also belongs to the local board, will follow the example of the Milwaukee Mechanics company and the Concordia Insurance company in making common cause with them and upholding the rates wherever possible. It is desired that all the Milwaukee companies, jointly with the Board of Underwriters, shall agree upon some common plan for settling the difficulties and maintaining reasonably uniform rates, and the adjournment of the board without definite action was resorted to in order to arrange such an agreement.

PARENTS CLAIM INJUSTICE

Say the Doctors Spoke Falsely About the Matter.

A child who was injured on July 5th, was hurriedly carried to the office of a physician nearby. The parents on arriving and learning of the serious injury the child's eye had sustained were extremely anxious to have the little patient removed at once to the office of Dr. McPherson, but were assured that Dr. McPherson was out of the city on a vacation and would not return for several days. As the injured eye was not improving the parents a few days ago consulted the doctor regarding it, and on further inquiry they learned that Dr. McPherson had not been out of the city at all and moreover was in his office at the time of the accident. They are highly indignant at the imposition wrought upon them and it is said that a suit for damages may result.

Boy Impaled on a Fork Tine

Fell From a Hay Stack and Received Painful Injuries.

Fifteen-year-old Frank Bleasorn was brought into the city yesterday afternoon from his father's home near Hanover, suffering from the effects of a pitchfork wound in his leg. While stacking hay the boy accidentally fell from the top of a stack to the ground, running on the sharp tines through his left leg below the knee. He was taken to the office of Dr. R. W. An unknown colored man had five fits on West Milwaukee street this afternoon, and is now at Oak Lawn hospital under restraint.

The man came to Janesville with the circus yesterday afternoon. He was a boot black, and worked about town all day. He was subject to fits, and had one as the circus train came to a stop, falling from a car with great violence. This afternoon he became ill again, and caused much excitement on Milwaukee street. Twice he fell on the floor, and writhed about in agony, in a saloon. Later he recovered, and started up the street. At the Mackin corner he was attacked again, and fell to the ground. All the time he was writhing and twisting about, he was talking about his mother and the "medicine."

Two Men To Hold Him.

After recovering from the attacks, he went to Frederick's livery barn, where he was again taken ill. He recovered from the first attack, only to have another. By this time Officer Appleby was found, and he and another man took the negro in charge. Although the colored man was but about twenty years of age, and under-sized, it was about all two men could do to hold him. A call was sent for the patrol wagon, and Officer Appleby and Chief Hogan, who came soon after Officer Appleby, placed him on the stretcher. They were forced to tie him down, and hold him after the stretcher was placed in the wagon. He was taken to Oak Lawn hospital and a physician called. The man's name is unknown.

PILES OF CLAMS ARE ON HAND

Thousands of Pounds Are Ready For Delivery at the Warehouse.

When Richard Finley opens the doors of his North Main street clam warehouse for the purpose of receiving shells, well filled sacks by the hundreds will be presented. During the past two weeks clam hunters have accumulated thousands of pounds of shells, and to see twenty-five sacks stacked along the side of each little tent, is no uncommon sight. A rush is looked for on the opening day that will break all records.

The "clam industry" is still growing. Not only are the fishers in Rock river busy, but the Sugar and Pecatonica rivers are being industriously hunted. Several parties have gone out from Rockford in search of shells, and all of them will be offered for sale here. As Janesville is the receiving point for Southern Wisconsin and Northern Illinois, tons and tons of shells will be received here as soon as the warehouse is opened again.

THE WORK OF A DAY IN CIRCUIT COURT

"HIGH SCHOOL CASES" ARE BEFORE JUDGE BENNETT.

Question of the Priority of Claims is Passed Upon—Ward Divorce Case is Adjourned Until Wednesday Aug 4—J. B. Cole Gets Judgment Against P. Getzinger.

In the case of Oliver Drake et al. against David Stewart et al., to show cause why the claim of the H. Mooers Company should not have priority over the claim of the Kent Paint Company the court ordered that said motion be denied with \$10 costs. On the motion of H. McElroy and John Cunningham, attorneys for the defendant City of Janesville, the court ordered that the said city be allowed the sum of \$15, costs being \$5 in each of the several actions commenced against the city.

The divorce case of Emma P. Ward vs. Edwin L. Ward came up this morning, the plaintiff appearing in person and by her attorneys H. S. Sloan and C. E. Pierce, while the defendant was also there in person, with George H. Metcalf of Edgerton and Sutherland & Nolan of this city as his attorneys. The court ordered that further hearing be continued till Wednesday, August 4, at 9 a. m. The interested parties reside in Edgerton.

Judgment was rendered in favor of the plaintiff in the case of Ira B. Cole et al. vs. Peter Getzinger et al. with costs to be taxed.

COMMON SENSE CURE

Pyramid Pile Cure Cures Piles Permanently by Curing the Cause.

Remarkable Remedy Which is Bringing Comfort to Thousands of Sufferers.

Probably half the people who see this article suffer from piles. It is one of the commonest diseases and one of the most obstinate. People have it for years and just because it is not immediately fatal they neglect it. Carelessness causes no end of suffering. Carelessness about so simple a thing as piles has often caused death. Hemorrhages occur from no apparent cause and loss of blood causes death. Hemorrhages occur during surgical treatment, often causing death.

Piles are simple in the beginning and easily cured. They can be cured even in the worst stages, without pain or loss of blood, quickly, surely and completely. There is only one remedy that will do it—Pyramid Pile Cure.

It allays the inflammation immediately, heals the irritated surface and with continuing treatment reduces the swelling and puts the membranes into good, sound, healthy condition. The cure is thorough and permanent.

Here are some voluntary and unsolicited testimonials that we have lately received:

Mrs. M. C. Hinkley, 601 Mississippi St., Indianapolis, Ind., says: "I have been a sufferer from the pain and annoyance of Piles for fifteen years, the Pyramid Pile Cure and Pyramid Pills gave me immediate relief and in a short time a complete cure."

Major Dean, of Columbus, Ohio, says: "I wish to add to the number of certificates as to the benefits derived from Pyramid Pile Cure. I suffered from Piles for forty years and from itching piles for twenty years and two boxes of the Pyramid Pile Cure has effectually cured me."

Most druggists sell Pyramid Pile Cure or will get it for you if you ask them to. It is one dollar per package and is put up only by the Pyramid Drug Co., Albion, Mich.

W. J. MINTYRE, County Clerk.

The following is the call for the special session:

To W. J. McIntyre, County Clerk of the County of Rock, Wis.

Sir—You are hereby requested to call a special meeting of the County Board of Supervisors of said county, to be held at your office on the 2d day of June, 1897, at 2 o'clock p. m. for the purpose of organization, and the transaction of any business not by statute prohibited at a special meeting of said Board.

Dated and signed prior to May 10, 1897, as per files in the county clerk's office, by the following members of the County Board of Supervisors, to wit:

W. B. Andrew, F. A. Baker, T. B. Bailey, Geo. R. Barker, J. L. Bear, C. E. Bowles, Robert Bruhn, C. D. Child, Halvor Cleophas, H. W. Conley, W. H. Davidson, A. Eager, J. E. Gleason, J. D. Godfrey, W. H. Gray, C. Griswold, Ira Jones, L. W. Kendall, Hans Lindas, W. J. Miller, Robert Morton, O. A. Peterson, A. C. Powers, E. Rathen, Simeon Smith, L. C. Whitsett, P. C. Wilder, Robert More.

In pursuance of said call I issued the following notice to each and every member of the County Board of Supervisors:

Office of County Clerk, Rock County, Wis. City of Janesville, May 15, 1897.

To Supervisor—

Sir—You will please take notice that a special meeting of the County Board of Supervisors will be held at this office, in said city of Janesville, on the 2d day of June, 1897, at 2 o'clock p. m. for the purpose of organization, and the transaction of any business not by statute prohibited at a special meeting of said Board.

By request of a majority of the members of said county board.

W. J. MINTYRE, County Clerk.

Supervisor Wilder moved that the board proceed to ballot for chairman.

Carried.

Chair appointed Supervisors Baker and Whitsett.

First ballot—The whole number of votes cast, 34.

Of which number Robert More received..... 33

Simon Smith received..... 1

Total..... 34

Robert More having received a majority of all the votes cast, was declared duly elected chairman for the next ensuing year.

Supervisor Baker moved that the rules governing the last board be adopted as the rules governing this board.

Carried.

The clerk read a communication from the State Board of Control as follows, which on motion of Supervisor Wilder was referred to the committee No. 7, on public buildings, and on motion of Supervisor Bowles was made a special order for 3 o'clock p. m. tomorrow.

Madison, Wis., May 27, 1897.—Board of Supervisors of Rock County, Janesville, Wis.:

Gentlemen—You will please take notice that on the 24th day of May, 1897, this board made an examination of the jail of the county of Janesville, and that from such examination it is the opinion of this board that said jail, by reason of its very bad sanitary condition, is dangerous to the health and lives of the prisoners confined therein and of the sheriff and his family who reside therein. The building is forty years old, inconvenient, poorly arranged and ventilated, and it is the opinion of the board that the defects therein can not be remedied by repairs, and hence a new jail should be constructed.

You are therefore notified that unless you construct a new jail for said county within the year from the date of filing this notice with your county clerk, the present jail will be condemned as provided in Chapter 218 Laws of 1893.

State Board of Control.

Attest: D. S. COMLY, Sec'y.

Supervisor Bear moved that the board adjourn until 10 a. m. tomorrow.

Carried.

Thursday, June 3, 1897.

Board met pursuant to adjournment at 10 o'clock a. m.

Called to order by Robert More, chairman.

12. Roads and Bridges: W. H. Davidson, Alex. White, J. L. Bear.

13. Claims of Sheriffs, Constables, Justices, Change of Venue and Post Mortem Examinations: P. C. Wilder, W. H. Cory, I. A. Jones.

14. Reports of Trustees and Superintendent of Insane Asylums, Superintendents of the Poor and Special Relief of Poor: F. A. Baker, Joseph Ross, Robert Bruhn.

15. Purchasing Agents, Consisting of Two Members of the Board and the County Clerk: C. E. Bowles, C. H. Weirick.

16. Consisting of Two Members to Act with the chairman of the County Board for the purpose of Approving the Bonds of all Newly Elected or Appointed County Officers: J. E. Gleason, Simon Smith.

The clerk read certain petitions relating to the cancellation of tax certificates which were referred to committee No. 1, on tax certificates and illegal taxes.

Supervisor Smith moved that the following bills for insurance on county buildings be allowed without reference and orders drawn for the same:

Carried.

Supervisor Bailey moved that the board adjourn until 1 o'clock p. m.

Carried.

June 3d board met pursuant to adjournment at 1 p. m.

Called to order by Robert More, Chairman.

Roll call.

Members all present except Child and Conley.

The clerk came in later.

Supervisor Eager from committee No. 1, tax certificates and illegal taxes reported as follows and moved its adoption:

Resolved, That the County Board of Supervisors of Rock County by the following list of certificates of the county clerk for cancellation be canceled, and the county clerk is instructed to draw orders in favor of the owners and holders of said certificates to the date of cancellation and charge the several amounts back to the city, village or town where it properly belongs.

To wit: Certificate 77 sale of 1892, for the tax of 1891 to the town of Johnstown. Certificates No. 307 sale of 1892, for the tax of 1891, 140 and 303 sale of 1893 for the tax of 1892, and 411 and 428 sale of 1891 for the tax of 1893, to the city of Janesville.

Receipts for the taxes on the property described in the above certificates have been paid, and the same were accordingly canceled.

Also Resolved, That the county treasurer be and is hereby authorized to receive tax from M. A. Johnson for the year 1896, on the 8th of the said sec. 25, town 2, range 10, and receipt for the same. Said property was erroneously described on the tax roll as the 8th of the sec. 25, etc.

Also Resolved, That the county clerk be and is hereby authorized to cancel tax certificate No. 248 sale of 1894 for the tax of 1893 for \$10.06 and draw an order in favor of Wm. Rucker, the holder and owner of said certificate, for \$8.00 with interest from date of said certificate to date of cancellation. For the reason that by error the amount of tax interest and charges for which the property described in said certificate No. 248 was sold for \$10.06 instead of \$20 the true amount of tax interest and charges.

Supervisor Bailey from committee No. 7, presented the following report and moved its adoption.

To the Board of Supervisors of Rock County—

Gentlemen—Your committee on public buildings submits the following report: The re-arrangement of the office in the court house, as authorized by your committee, and adopted by the board at the meeting in January last, has been completed, and the vaults in the office of the county clerk and the vault in the office of the county treasurer have been furnished with compress steel files and roller bookshelves as per contract made with the Gendler and Paesche Manufacturing Co. of Milwaukee, Wis. The vault in the office of the county clerk contains 112 roller bookshelves, 355 compress steel files, 1 locker with 4 pigeon holes and 2 sliding shelves. The vault in the office of the county treasurer contains 112 roller bookshelves, 355 compress steel files, 1 locker with 4 pigeon holes, 3 lock drawers and 4 sliding shelves. These vaults are now complete and ready for use.

The committee also recommends that the vault in the office of the county clerk be and is hereby authorized to receive tax from M. A. These vaults are now complete and ready for use.

The committee also recommends that the vault in the office of the county clerk be and is hereby authorized to receive tax from M. A. Johnson for the year 1896, on the 8th of the said sec. 25, town 2, range 10, and receipt for the same. Said property was erroneously described on the tax roll as the 8th of the sec. 25, etc.

Also Resolved, That the county clerk be and is hereby authorized to cancel tax certificate No. 248 sale of 1894 for the tax of 1893 for \$10.06 and draw an order in favor of Wm. Rucker, the holder and owner of said certificate, for \$8.00 with interest from date of said certificate to date of cancellation. For the reason that by error the amount of tax interest and charges for which the property described in said certificate No. 248 was sold for \$10.06 instead of \$20 the true amount of tax interest and charges.

To the Board of Supervisors of Rock County—

Gentlemen—Your committee on public buildings submits the following report: The re-arrangement of the office in the court house, as authorized by your committee, and adopted by the board at the meeting in January last, has been completed, and the vaults in the office of the county clerk and the vault in the office of the county treasurer have been furnished with compress steel files and roller bookshelves as per contract made with the Gendler and Paesche Manufacturing Co. of Milwaukee, Wis. The vault in the office of the county clerk contains 112 roller bookshelves, 355 compress steel files, 1 locker with 4 pigeon holes and 2 sliding shelves. The vault in the office of the county treasurer contains 112 roller bookshelves, 355 compress steel files, 1 locker with 4 pigeon holes, 3 lock drawers and 4 sliding shelves. ELASTIC STARCH has been before the people of the United States for twenty-three years and without doubt the greatest starch invention of the Nineteenth Century. Last year its sales reached the unprecedented number of twenty million packages. It is prepared upon scientific principles by men who have had years of practical experience in fancy laundrying. It makes ironing easy, restores old summer dresses to their natural whiteness, and imparts to linen a bright and lasting finish. It is the only starch manufactured that is perfectly harmless, contains neither arsenic, alum, or any other substance injurious to linen, and can be used even as a baby powder.

So don't ask us who will get that beautiful high grade bicycle. It's liable to be you yourself. Many a person has sworn he has no luck but later has developed a wonderful power. The 50c Tea and Coffee tickets are the only coupons that have any bearing on the bicycle question. The quality has not been tampered with on this wheel, and prices are lessened.

Japan Tea, per lb. 60

(This is an article we place our reputation on. It is absolutely the best Tea in the city; of this fact we are positive and will guarantee it to back up the strongest assertions on our part.)

Japan Tea, per lb. 50

(This is the finest we can get for the money and has a delicious flavor.)

We have Teas at 30; 35 and 40c, and a complete line of India Teas, such as Monsoon, Star of India, and Lipton's.

Of Black, Gunpowder and Young Hyson Teas we have a very complete stock.

\$1.25, 1.50, 1.75 Shirt Waists at 59c.

July 1st found our Shirt Waist stock down to a few dozen, after a season of remarkable selling. We had not to exceed ten dozen waists left in the store, and knowing how manufacturers like to unload, we made a visit direct to the factories in Fort Wayne and Indianapolis and with the cash made the greatest deal in Shirt Waists ever made by a Janesville store and our customers will get the benefit.

160 dozen Waists, all of the higher cost,—Waists which the manufacturer has been selling at \$6, \$7.50, \$9, \$10.50 and up to \$15 per dozen, all bought at prices which will enable us to divide them into two lots, at.....

39c and 59c

There are no patterns in the line which you have seen before; everything is new, clean and fresh. There is a most beautiful line of the thin sheer materials in light colors, also several good styles in dark colors such as navy blue and black with white figures. The 39c line has all sizes up to 44. * We have had a wonderful sale which will last as long as the Waists do.
